

VOTE YES ON AMENDMENT 2

ON NOVEMBER 4TH

What?

A YES vote on Amendment 2 does one thing, and *one thing only*: It defines marriage as the union of a man and a woman as husband and wife in the Florida Constitution, but it does *not* prevent the government, or private companies, from extending benefits to whomever they wish.

Why?

A YES vote on Amendment 2 lets the people of Florida decide how marriage is defined in our state. It will prevent homosexual groups and activist judges from redefining marriage as they have in Massachusetts and California.

When?

Early voting in Florida begins Monday **October 20, 2008** and the final, official Election day is Tuesday, **November 4, 2008**.

Please commit to pray together as a family then vote early!
